

AN INTRODUCTION TO THE IBEF

The reasons to be in Turkey

Étienne le Bouteiller – IBEF Executive Director

0. CONTENT

1. Introduction
2. What is the IBEF?
3. Who is the IBEF?
4. Why the IBEF?
5. Conclusion: an invitation

1. INTRODUCTION

- A seminar decided jointly between the IBEF and ASMUD, with the support of the ERF & EUROBITUME
- Gathering representatives of national associations and of the road industry
- The IBEF believes that bitumen emulsion techniques have a great potential in Turkey and is prepared to contribute to its development thanks to the commitment of its members

2. WHAT IS THE IBEF?

- IBEF stands for International Bitumen Emulsion Federation
- A non profit organization founded in 1996, with head office in Paris
- Gathering national associations and companies from 19 countries

ISCO Industry Co., Ltd.

3. WHO IS THE IBEF?

- IBEF stands for International Bitumen Emulsion Federation
- A non profit organization founded in 1996, with head office in Paris

Contractors Assoc.

Bituminous Emulsions Seminar - Ankara Nov. 24th, 2015

3. WHO IS THE IBEF?

Political Map of the World, September 2008

2. WHAT IS THE IBEF?

- The IBEF holds 1 board of directors and general assembly every year
 - 2013 August Cancun
 - 2014 March Tokyo
 - 2015 February Paris
 - 2016 February Bonita Springs
- The IBEF has a small budget and its success relies on the commitment of its members
- The IBEF is and will be what its members want it to be and to become

4. WHY THE IBEF?

- Promoting pavement preservation as a tool for the economical and social development of countries
- Objectives of the IBEF:
 - Promoting the use of bitumen emulsion worldwide
 - Collecting market information and promotional materials
 - Exchanging information and best practices on safety standards
 - Exchanging information and best practices on the production and use of bituminous emulsions
 - Conducting periodic worldwide technical symposiums (World Of Emulsions in 1993, 1997, 2001, 2006, 2010, 2015)

4. WHY THE IBEF?

- Promoting pavement preservation as a tool for the economical and social development of countries
- Team member of the PPRS Paris 2015

4. WHY THE IBEF?

- Lessons learnt from the PPRS Paris 2015
- Economy and mobility need roads they deserve
- Road transport is a social topic before being a technical and economical topic
- Politicians have their own role to play
- Road users have their own role to play
- The whole industry should play its own part. The IBEF is part of it.
- The IBEF will be part of the PPRS Paris 20XX...

4. WHY THE IBER

- Lessons learned from the 2015

PAVEMENT PRE
PPRS PARIS
